

Toplac Plus

Premium, high durability gloss enamel

Toplac® Plus is a new silicone alkyd premium gloss enamel for all substrates above the waterline. It is easy to apply by roller without the need for tipping. Toplac Plus comes in a range of bright colours and contains UV filters for increased durability.

Product features and benefits

Dream finish

- Improved aesthetics over Toplac in terms of Distinction Of Image (DOI) and flow
- Excellent gloss levels
- The new formula eliminates the need for tipping when using a roller

Simple 2-step system

- Use One UP followed by Toplac Plus to deliver the best in class topcoat system offered by International
- Reduced work time with less coats

Wide colour range

- Available in multiple colours. Please see table below*
- New colours to meet customer demand

Ease of use

- Available in various pack sizes for touch ups or complete repaint*
- Stunning finish with just a roller

Compatibility

- Combine with the new one-pack primer and undercoat, One UP, for a premium finish and simple scheme
- Can be used on all suitably primed substrates above the waterline

The simplest route to a dream finish

Painting your topside doesn't have to be complicated, so International have simplified the process with two new products, One UP and Toplac® Plus. One UP is a unique all-in-one primer and undercoat that provides a reliable foundation with protection. Toplac Plus is an easy to use, high gloss topcoat with improved roller application, and a stunning finish. Two products in one simple system, available at your local International dealer.
