

Sie die Sicherheitshinweise für benzinmotorische Geräte in der Betriebsanleitung.

Pflege und Wartung

⚠️ WARNUNG • Vor Reinigung, Wartung und dem Austausch von Teilen müssen Sie das Gerät ausschalten und bei netzbetriebenen Geräten den Netzstecker ziehen. • Machen Sie vor allen Arbeiten an Gerät und Zubehör das Hochdrucksystem drucklos.

⚠️ VORSICHT • Lassen Sie Instandsetzungen nur durch zugelassene Kundendienststellen oder durch Fachkräfte für dieses Gebiet, welche mit allen relevanten Sicherheitsvorschriften vertraut sind, durchführen.

ACHTUNG • Beachten Sie die Sicherheitsüberprüfung für ortsveränderliche gewerblich genutzte Geräte nach den örtlich geltenden Vorschriften

• Kurzschlüsse oder andere Schäden. Reinigen Sie das Gerät nicht mit Schlauch- oder Hochdruckwasserstrahl. • Verwenden Sie weder Aceton, unverdünnte Säuren noch Lösungsmittel, da sie die am Gerät verwendeten Materialien angreifen.

Zubehör und Ersatzteile

⚠️ VORSICHT • Verwenden Sie nur Zubehör und Ersatzteile, die vom Hersteller freigegeben sind. Original-Zubehör und Original-Ersatzteile bieten die Gewähr für einen sicheren und störungsfreien Betrieb des Geräts. • Lassen Sie Reparaturen und den Einbau von Ersatzteilen nur vom zugelassenen Kundendienst durchführen, so vermeiden Sie Gefährdungen.

Transport

⚠️ VORSICHT • Schalten Sie das Gerät vor dem Transport aus. Befestigen Sie das Gerät unter Berücksichtigung des Gewichts, siehe Kapitel Technische Daten in der Betriebsanleitung. • Unfall- und Verletzungsgefahr. Beachten Sie bei Transport und Lagerung das Gewicht des Geräts, siehe Kapitel Technische Daten in der Betriebsanleitung.

Safety instructions High-pressure cleaner

Read these safety instructions and the original instructions before using the device for the first time. Act in accordance with them. Keep the two booklets for future reference or for future owners.

- In addition to the notes in the operating instructions, you also need to take into consideration the general safety regulations and accident prevention guidelines applicable by law.
- Warnings and information notices attached to the device provide important information for hazard-free operation.

Hazard levels

⚠️ DANGER

• Indication of an imminent threat of danger that will lead to severe injuries or even death.

⚠️ WARNING

• Indication of a potentially dangerous situation that may lead to severe injuries or even death.

⚠️ CAUTION

• Indication of a potentially dangerous situation that may lead to minor injuries.

ATTENTION

• Indication of a potentially dangerous situation that may lead to damage to property.

Protective gear

⚠️ CAUTION • Wear suitable gloves when working with the device. • Wear hearing protection whenever a sound pressure level over 80 dB(A) is specified in the operating instructions. See chapter Technical data in the operating instructions. • Wear suitable protective clothing and safety goggles to protect yourself from water or dirt backsplash. • Aerosols can be formed when using high-pressure cleaners. Inhaling aerosols can be harmful for your health. Employers are obliged to perform a hazard assessment in order to define, depending on the surface to be cleaned and the environment, protective measures necessary to prevent inhalation of aerosols. Respiratory protection masks of class FFP 2 or above are suitable for protection against aqueous aerosols.

General safety instructions

⚠️ DANGER • Risk of asphyxiation. Keep packaging film out of the reach of children.

⚠️ WARNING • Only use the device for its proper use. Take into account the local conditions and beware of third parties, in particular children, when working with the device. • The device is not intended for use by persons with restricted physical, sensory or mental abilities or those lacking in experience and / or lacking in knowledge. • Only people who have been instructed on how to use the device, or have proven their ability to operate it, and have been explicitly instructed to use it, must use the device. • Children must be supervised to prevent them from playing with the appliance. • Children and minors must not use the device.

⚠️ CAUTION • Safety devices are provided for your own protection. Never modify or bypass safety devices.

Risk of electric shock

⚠️ DANGER • Only connect protection class I devices to properly earthed power sources. • The voltage indicated on the type plate must match the voltage of the power source. • Take into account the minimum protection required for the socket, see chapter Technical data in the operating instructions. • Only operate the device via a fault current protection switch (maximum 30 mA). • Never touch the mains plug and socket with wet hands. • The mains plug and coupling of the extension cable must be water tight and may not be placed in water. The coupling may not be on the floor. Use cable drums to ensure that the sockets are at least 60 mm above the floor. • All live parts in the work area must be protected against water jets.

⚠️ WARNING • Only connect the device to an electrical connection which has been set up by a qualified electrician as per IEC 60364-1. • Check the power supply cable with mains plug for damage before operation each time. Do not put the device into operation with a damaged power supply cable. Have a damaged power supply cable replaced immediately by the authorised customer service / qualified electrician. • Do not damage the power supply and extension cable by running over it, crushing or yanking it or similar. Protect the power supply cable from heat, oil and sharp edges. • Only
